

Chandler Rotary 70th Annual Invitational Track Meet

March 26 & 27, 2010

Chandler High School
Chandler, Arizona

The Chandler Rotary Invitational Track Meet is the second oldest continuously run invitational meet in Arizona. It was started by the Wickenburg Rotary Club in 1941. Eight schools participated in the first year, including Chandler High School. In 1943, the meet was moved to Chandler High School due to travel problems and gas rationing during World War II. Originally the meet was strictly a relay event.

During the past 60 years the meet has grown to include nearly 2500 athletes. In 2009, schools from Arizona, Colorado, New Mexico and Texas participated in the two-day event.

Between 2500 and 3000 spectators attend the event in addition to strong media coverage.

The meet is widely recognized as one of the top competitions of the year. Performances from this meet are typically found in the national and state rankings for the season.

An opportunity for your business to show support of our young athletes and their community

A History Rich in Tradition...

Chandler Rotary produces an official program for distribution at the track meet. This program is seen by thousands of spectators and athletes.

Last year the official program contained over 20 pages. It lists vital track meet information, including schedules and statistics. Businesses as diverse as Salt River Project, Intel, Jones Lang LaSalle and State Farm Insurance were among the many advertisers who took advantage of this powerful advertising opportunity last year.

This is a great occasion to spotlight your business with a captive audience. The submission of an advertisement within the program draws attention to your business while conveying to your audience that you support the young athletes in our community.

With ad size ranging from business card size to full page, we can help you give your business the exposure it deserves at a price that will fit any budget.
